

PASSION FOR PARTS

PATTERN DIGEST OFF-THE-ROAD TYRES

COMPANY PROFILE

ITR, pioneers in parts for tracked equipments, introduces new product line for wheeled equipments - **Mining, Construction and Industrial Tyres**. Being a renowned Italian based manufacturer of earth moving equipment parts, ITR is now inspired to develop tyres for extreme conditions in order to meet our customer's growing requirement. **Brand loyalty is our strength, customer satisfaction our priority.**

ITR RADIAL TYRES

ITR radial tyres are best in class for mining, heavy duty construction and industrial applications. Tyres are manufactured under rigid quality control in highly capable integrated production facilities.

ITR tyre technology ensures premium casing with durable compounds which provide solid traction, long life and excellent resistance to impact punctures. Our professional expertise are dedicated in guiding you to choose the right tyre cut out for the specific application with highest level of customer satisfaction and after sales support.

EMR20

EMR18

EMR82

EMB05

EMB07

FEATURES

High reliability and long tread life, suitable for challenging off the road conditions

Ensures good anti -impact, anti cutting performance in the rocky road

Reinforced projecting shoulder design ensure sidewall anti-scratch.

Optimized tread design provides good flotation on soft road.
